Now where do I put my project documentation?

...or a PDF about SW-Engineering and Java?

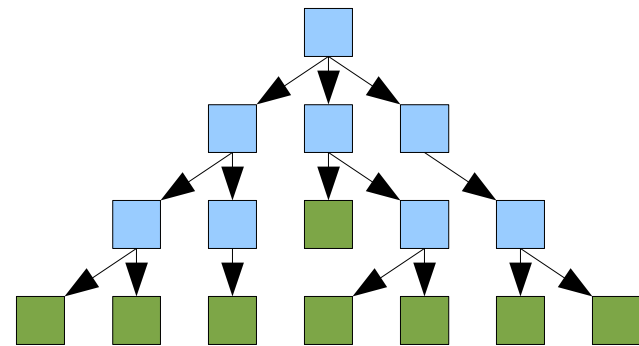

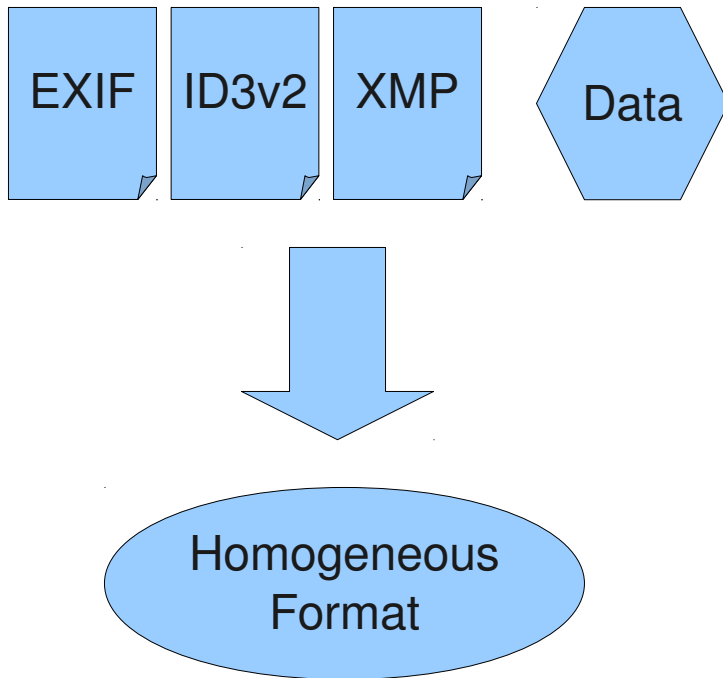

Now why do I need a special application for each file type?

# Goal

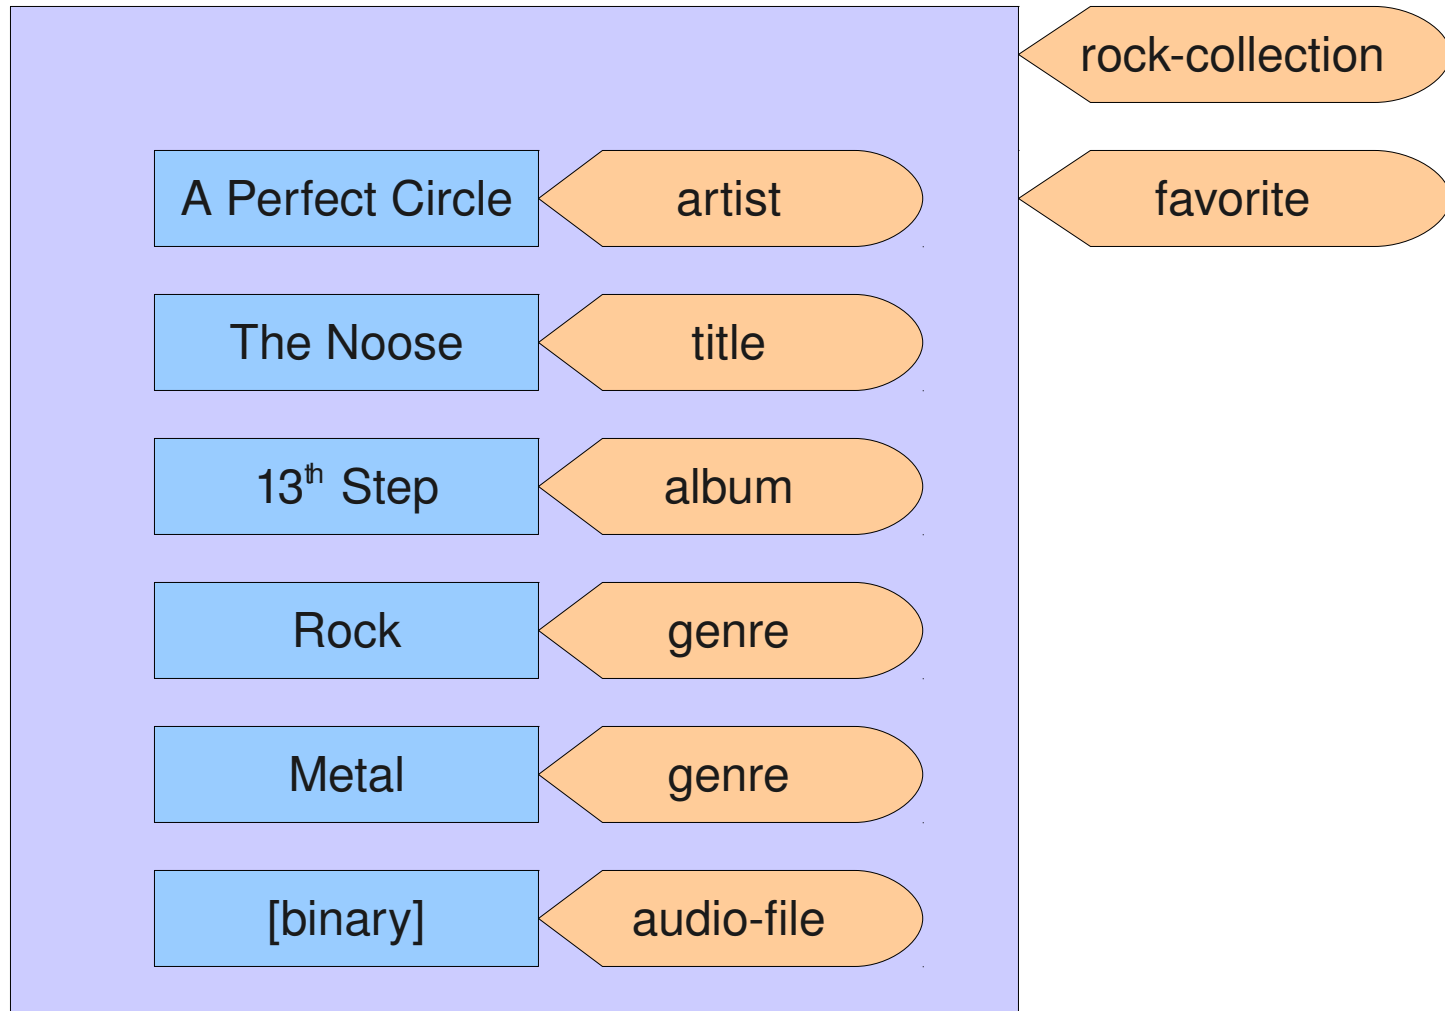

...and more!

A word cloud consisting of the word "Tags" repeated multiple times. The words are arranged in a dense, overlapping pattern. The colors range from a deep blue to a lighter, teal-like blue. The sizes of the words vary significantly, with some being much larger than others, creating a sense of depth and repetition. The overall shape is roughly rectangular, with the words filling most of the space.
